

RC-10TB

Wall Plate Insert - 1-Button Contact Closure Switch

The RC-10TB is a remote one-button contact closure switch, ideal for remote control in boardrooms and conference rooms. It can be used with the SID-X1N step-in commander or any other Kramer product with contact closure control.

FEATURES

- **Contact Closure Button** - Remotely takes control of the input of a machine via its remote contact closure terminal blocks.
- **Companion Product for Step-In Commanders.**
