## VIA Collage

4K Wireless Presentation & Collaboration Solution

**VIA Collage** is a wireless presentation and collaboration solution that makes it easier to get actual work done during meetings. With any laptop or mobile device, users can view, edit and comment on documents in real time, share files and chat with individuals or multiple participants simultaneously.

The award-winning **VIA Collage** is the only wireless solution in the market that can show six user screens on a single main display and 12 on two displays. Users can also view the main display on their device. **VIA Collage** features iOS mirroring for MacBook, iPad, and iPhone as well as native mirroring for Chromebook, Android (Lollipop OS 5.0 or newer), and Windows phone.

**VIA Collage** supports 3rd party conferencing and office apps, such as Microsoft Office®, Skype®, GotoMeeting®, Lync®, and WebEx®. The solution is ideal for any size meeting room or classroom.
